DIMEX

DESIGN
FROM
FINLAND

– WE KEEP BUSY

- We have randomly inspected the quality of more than 1,000 products.
- We have quality checked more than 1,000 products from production batches.
- Our delivery reliability is still considered second to none in the market.
- We have read every piece of feedback submitted and used the information acquired to design new Dimex products and improve the functionality of our existing products.
- We have delivered some 400,000 pieces of clothing to Finland and Europe.
- We have reviewed our processes to make sure that Dimex is the best partner.
No bullsh*t.

COMPONENTS OF DIMEX ATTITUDE

Responsibility – We live up to promises and acknowledge our social and ecological responsibility.

Openness – We speak straight, and no bullsh*t.

A twinkle in the eye – Life is not so serious. Working and communication with customers should be fun.

DIMEX+

– FOR WORK AND LEISURE

**NEW
PRODUCTS!**

At our heart, we are a work clothing brand. Nevertheless, Dimex+ products are so good-looking and comfortable to wear that you just cannot leave them hanging in your closet on your free time either.

SWEATSUIT SET 4358+ and 4359+

This modern home office apparel is also perfect for the sofa, for grilling, and around the clock use – just remember to wash it occasionally! The trousers have zippered pockets.

FLANNEL SHIRT 4381+

A good choice in your free time – or even for work.

BOXERS 4371+

Outrageously comfortable, breathable, and light to wear. Feel like going commando while your package stays safe.

NO BULLSHIT T-SHIRT 4360+

Join our no bullsh*t tribe! the fabric is as pleasant as a summers day. Made in Portugal.

LONG-SLEEVED T-SHIRT 4363+

The V-neckline is exactly right – neither choky nor too sexy.

FACE MASK 4383

A sewn-to-shape face mask for prospective ninjas! The mask does not press the ears uncomfortably and can be tightened firmly.

SUKAT 4400+, 4399+ and 4398+

Not only for tennis – light and breathing all-rounder socks. No sweat, no smell.

DIMEX **DEVELOPMENT**

COMPANY DEVOTED TO CONTINUOUS DEVELOPMENT

Smart Clothes

Promoting occupational safety is a priority. With VTT and our other friends, Dimex has researched and developed under the Conlot project smart clothing prototypes improving occupational safety at construction sites, for example, by alerting of hazardous situations.

Processes

Even though words like “ecological” and “responsibility” look good in promotion materials, we do not stop at that – we want our values to show in our entire business. We are fair; we take responsibility and work out long-term solutions beneficial for us and for Dimex stakeholders – and through this, for everyone else. KPMG has helped us go through our operations and highlight the areas in which we already excel and areas where we could do better. The need for development will never end.

”

The **Design from Finland** mark indicates the origin of unique Finnish design and emphasises the importance of intangible work for Finland’s success and employment.*

FINLAND**

& DESIGN

The Future of Clothing

In the spring, we will launch an incredibly good-looking and functional safety collection that also happens to be made from recycled materials. Dimex is also involved in the Teva-Team and Remeo closed-loop project. The objective of the test stage is to reprocess torn and hopelessly dirty work clothing back into fabric and use this fabric to make new Dimex products.

Quality

The Dimex quality process has been taken apart and put together again for best results. Quality is the durability, functionality and appearance of a piece of clothing. For the customer, this means better value for money and a longer service life, as well as improved work fluency, occupational satisfaction and safety.

MORE ON DEVELOPMENT PROJECTS

We are updating our website, providing a more detailed and even more open account of our business

www.dimex.fi

**JACKET
60191**

By wearing Dimex safety clothing, you take care of being noticed. All official high visibility colours, yellow, orange, and red, have the same certifications. So, you can choose the colour you like – without compromising on safety.

**CRAFTSMAN
TROUSERS
6015**

CRAFTSMAN TROUSERS

EN ISO 20471, CL 2

44-64

85 % polyester, 15 % cotton, 310 g/m². 46 % CO 16 % PES 38 % EME (T400), 295 g. Cordura 100 % polyamide, 240 g/m², stretchy, extremely breathable, durable and easy-to-care material. Stain-resistant finishing in HI-VIS colours.

Cordura reinforcements in holster pockets, knee pad pockets and leg opening back parts. Front pockets, bottom reinforced with Cordura. Cargo pocket, with presentable horizontal/vertical ID card pocket. Mobile phone, pen pockets, double front holster pockets and spacious back pockets. Two different height positions for knee pad in Cordura reinforced knee pad pockets. Ruler pocket, knife pocket, knife button and knife clip. D-ring, 2 loops for accessories, 2 hammer loops. Heavy-duty belt loops. Crotch gusset with double stitching. 4 cm extension reserve not groomed. 6015Y 5 cm extension reserve, groomed.

WE HAVE IMPROVED THE CRAFTSMAN'S TROUSERS

A more generous dimensioning of thigh, leg, and pelvis improves mobility in extreme work positions and the durability of the pants in the crotch.

- » The crotch seams do not bang and break
- » The thigh does not tighten and squeeze
- » the waist will stay up even better even in squatting
- Crotch wedge, flexible material and reinforcement seams increase the durability of the pants.
- When worn with a jacket complies with protection class 3. Two different height positions for knee pad in Cordura reinforced knee pad pockets.

The safest option for those engaged in hot works or present at hot work sites is certified flame retardant work clothing. In Dimex flame retardant clothing, the fire protection has been absorbed into the fabric so that it cannot wash off. The fabric remains flame retardant for as long as it is intact.

CHILDREN'S DIMEX

Children are born to play. And when children are playing, they love to splash and get down and dirty, so your basic clothes aren't always up to the task. Dimex children's wear is designed so that the weather won't stop your kids from playing outside. Good visibility of the clothing is also a very important feature, especially during the dark times of the year.

CHILDREN'S SHELL TROUSERS 6095

Fastened behind the head using ribbons with plastic snaps, does not put pressure behind the ears, the folds in the front and the shaped chin part ensure a good fit, wash at 90 °C after each use.

WASHING AND TAKING CARE OF YOUR WORK CLOTHES

Properly washing and caring for your work clothes helps retain their features longer. Dirty or worn-out work clothes look unclean and may even lose their protective qualities or visibility. This is how you do it:

- Wash the clothes often enough. Dirt will wear fabric out faster than washing.
- Close Velcro straps, snap fasteners and zippers before washing.
- Do not wash full loads (fill the machine only to 60–80 % of the capacity). This way, you can minimise possible damage caused by wrinkling or abrasion and the clothes will be cleaner.
- Always wash EN-coded protective clothing separately, inside out. This way, the reflective tapes will stay reflective longer.
- Avoid soaking clothing items with reflective tapes.
- Do not use steam when ironing reflective tapes.
- Keep flame retardant clothing clean.
- Do not use bar or liquid soap when washing flame retardant clothing.
- Rinse thoroughly.
- Drying the clothes in the dryer for too long may shrink the clothes. Remove the clothes from the dryer while they are still slightly moist.
- Wash work clothing generally at 60 degrees.
- Wash the following products at 40 degrees: 648, 688, 688R, 6099, 860, 6039, 6051, 6065, 6073, 6079, 6096, 18121, children's products, and some of the Dimex+ items.
- Always follow the washing instructions marked on the labels.
- Keep the clothes on hangers and, if possible, away from sunlight.

CERTIFIED SAFETY AND QUALITY

Not just empty words – Certificates ensuring quality.

Dimex has been awarded the ISO 9001/2008 quality certificate.

Sizes	34	36	38	40	42	44	46	48	50	52
A. Chest circumference	80	84	88	92	96	100	104	110	116	122
B. Waist circumference	60	64	68	72	76	80	84	88	96	100
C. Hip circumference	84	88	92	96	100	104	108	114	120	126
D. Leg in-seam measurement	80	81	82	83	84	85	86	87	88	88

WOMEN'S SIZES:

Sizes	XS	S	M	L	XL	2XL	3XL
A. Chest circumference	78	82	90	96	102	113	125
B. Waist circumference	58	62	70	76	82	92	103
C. Hip circumference	82	86	94	100	106	117	129
D. Leg in-seam measurement	78	80	82	84	85	87	88

- Measurements are approximate.
- You'll find the best fit by trying the clothes on.
- If your measurements fall between sizes, choose the smaller size.
- The measurements in the table are in centimetres.
- The measurements are body measurements.
- Sufficient looseness for enabling movement has been taken into consideration when designing the clothes.
- The degree of looseness varies by design.

CHILDREN'S SIZES:

Sizes	90	100	110	120	130	140	150	160	170
A. Chest circumference	54	56	60	64	68	72	78	83	87
B. Waist circumference	53	54	56	58	61	64	68	71	74
C. Hip circumference	58	60	64	68	71	75	81	86	90
D. Leg in-seam measurement	37	44	47,5	54,5	60	65	71,5	76	80,5

Guide to body measurements:

A Chest circumference:

Measurement around the broadest part of the chest.

B Waist circumference:

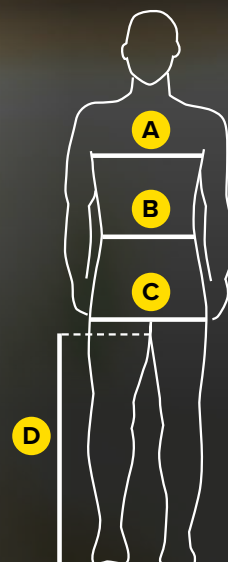

Measurement taken around the waist around the narrowest part of the waist, 1-2 cm above the navel.

C Hip circumference:

Measurement around the broadest part of the hips.

D Leg in-seam measurement:

The length of leg from crotch to floor.
