Huhtamaki

A cup to remember.

STAND OUT PACKAGING

Custom printed cup is an important messaging tool, to not only support your brand, but to communicate product, promotional and sustainability messaging, right into the hand of consumers.

Bring your company message, logo, story or campaign into the cup - a product that your customers will be happy to take with them.

- Our in-house design team is highly experienced to support our customers with their artworks.
- Different options for promotion and campaigns are available as mixed printing and QR-codes.
- We have access to a range of materials - from regular boards to plant-based and compostable boards - to produce at our own manufacturing site.

Ask more from your Huhtamaki contact person!

CARE

We care for the planet, people, customers and partners

DARE

We dare to innovate, grow and have an impact on the future

DELIVER

We deliver on our promises, with integrity and as a team

Our values **Care Dare Deliver** help us to make a difference, where it matters.

We believe in **protecting food, people and the planet.**

Our ambition is to be the first choice in **sustainable packaging solutions**, enabling wellbeing and convenience for people around the world.

Huhtamaki

Markings matter.

The use of quality certificates is an essential part of everything we do. Certificates demonstrate that our products are made to meet set criteria, and ISO certificates confirm our responsibly managed production methods through independent verification. Our products comply with current packaging legislation, and certified products and materials are a guarantee of quality. With the introduction of the PPWR, the importance of packaging labels and certificates will become even more significant.

The Swan label guarantees that the product is designed and manufactured in the best possible way for the environment. It is an EN ISO 14024 Type I environmental label.

The PEFC certificate ensures that the raw materials are sourced from sustainably managed PEFC certified forests.

Raw materials sourced from responsibly managed FSC®-certified forests and other controlled sources. Licence number FSC-C203237.

The Key Flag Symbol is a registered collective mark. It demonstrates that the product has been manufactured in Finland.

The industrially compostable Seedling certificate proves that a product is suitable for safe and complete composting in industrial facilities according to the EN 13432 standard.

The OK compost Industrial certificate confirms that a product is proven to fully and safely biodegrade in industrial composting facilities according to the EN 13432 standard.

Please contact your local Huhtamaki representative if you would like to inquire about the possibility of adding a certificate label to your product.

Cold Cups

Anyone for a drink?

COLD & REFRESHING

Whether you are serving fizzy drinks or a shake we have a perfect cup for you. Our paper cold cups have a double lining that helps the paper keep its form when serving cold drinks in a warm conditions.

Our plastic tumblers and lids are perfect for a variety of fresh and cooling drinks such as milkshakes, smoothies, frappés and freshly squeezed juices. They are also ideal for serving cold foods to go and delivery options such as pasta, cous cous, fruit salads, breakfast pots and sweet treats.

We offer plastic tumblers made either from aPET or RPET, a material derived from recycled PET bottles. They are recyclable, offer excellent clarity and are also crack resistant.

From different lid options you are able to find a perfect match to your chosen cup.

**Our tumblers and lids are also ideal
for chilled foods and snacks!**

Our tumblers and lids are
manufactured to fit perfectly
together!

Freshness in every sip.

FRESH & READY

Food Containers

HOT FOOD

As consumer demand for hot food to go continues to grow, so do the opportunities for operators across Foodservice, Home Delivery, Grab & Go and Convenience sectors.

The blurring of lines between all these sections of the market, coupled with the introduction or expansion of hot food to go propositions continues to intensify. As takeaway and delivery ranges evolve, retailers are expanding fast, same day home delivery with small baskets or no minimum spend, never has it been more important for prepared meals and food to go to be a major part of their offer.

Served in style.

FOOD CONTAINERS AND TRAYS

Our versatile Kraft, fiber-based food boxes and trays are perfect for hot and cold meals or snacks. For serve over, hot cabinet, takeaway and delivery use. Our widespread material base and manufacturing capabilities means our range comprises different fiber based solutions.

Changes in consumer behaviours and daily routines means the food service landscape is continuously adjusting to meet consumer needs. Subsequently, the increased adoption of delivery continues as consumers order from the comfort of their own home, getting their favourite foods delivered directly to their door.

The right kind of food packaging attracts and makes the meal enjoyable.

Freshly Served.

A woman with dark curly hair, wearing a pink sweater, is seated at a light-colored wooden table. She is using a wooden fork and knife to eat from a white takeout box filled with a colorful salad. The salad includes green beans, cherry tomatoes, sliced cucumbers, shredded purple cabbage, and a small white bowl of dark dressing with white sesame seeds. A white napkin is placed to the left of the box. The word "Cutlery" is written in a large, white, cursive font across the bottom of the image.

Cutlery

The finishing touches.

CUTLERY & ACCESSORIES

Every superhero needs a sidekick and our Great to Go product range includes a collection of cutlery made from sustainable materials.

Your food and meals need quality packaging that delivers convenience and preserves taste. Our range of cutlery includes premium and economical paper and wooden options. Wooden range includes wrapped cutlery, the perfect hygienic, disposable solution for on the go and take-away. Our products mean that you can serve your customers in the same way by using responsible products you can trust. The products in the Great to Go range have been added to provide a variety of solutions which are sustainable alternatives for commonly used food packaging products.

**REASONS
YOU'LL LOVE IT**

**To complete your service we have cutlery
and other accessories available for you.**

Deli papers

PAPERS

Different papers offer different type of features and benefits. Depending on the use there are options for more wet and grease proof papers as well as papers more suitable for dry foodstuff.

Pack the Good, Serve the Taste.

SERVING FRESH WITH LESS

Grease-resistant wraps and paper bags are a convenient and economical option for packaging a wide variety of foods. Products such as hamburgers, grilled sandwiches, filled baguettes, bagels, wraps, pastries, and savory snacks can all be packed neatly in these papers. Thanks to the protective material, even moist or greasy fillings stay well-contained, keeping the packaging tidy and preventing leaks.

Wrap papers and pouches are especially popular with cafes, fast food outlets, bakeries, grills, and various street food concepts. These solutions are also ideal for kiosks, petrol station shops, and convenience retailers where customers value quick takeaway options. At outdoor events, fairs, and festivals, practical pouches and handy wraps can boost sales and make it easy for customers to enjoy their food on the go.

By combining wraps and pouches with different types of trays, the presentation of your meals is enhanced and the food stays fresh and tidy. The end result is a professional and appetizing appearance.

Discover our range and package your food the smart way!

**REASONS
YOU'LL LOVE IT**

With less packaging, everything is lighter, simpler, and more efficient – making work and serving easier.

Wrap it up.

FMCG Packaging, Made to Perform.

IN FAST-MOVING CONSUMER GOODS, YOUR PACK IS OFTEN THE FIRST PROMISE YOUR PRODUCT MAKES. IT HAS ONLY SECONDS TO BE SEEN, UNDERSTOOD, TRUSTED – AND CHOSEN.

FMCG means Fast-Moving Consumer Goods: everyday products that consumers buy often, use quickly, and replace regularly. From dairy, ice cream and spreads to snacks, cereals, noodles, porridge and other pre-packed foods, packaging plays a decisive role in how the product is noticed, perceived and remembered.

Choose Huhtamaki for FMCG packaging that gets noticed, delivers on its promise and supports your brand from shelf to consumer use.

- **GET NOTICED:** packaging is the first thing consumers see on the shelf.
- **BUILD CONFIDENCE:** the pack signals quality, care and brand value before the product is tried.
- **DELIVER THE PROMISE:** packaging must protect the product, support usability and match consumer expectations.
- **CHOOSE THE RIGHT PARTNER:** Huhtamaki helps FMCG brands combine shelf impact, functionality, efficiency, food safety and sustainability expectations.

With Huhtamaki, packaging does more than contain your product. It strengthens your brand presence, supports consumer choice and helps your product stand out in a competitive FMCG environment.

Contact us for more information and a quote on your custom-printed ice cream and snack packaging!

Premium Packaging for Ice Cream & Snacks.

ELEVATE YOUR BRAND EXPERIENCE BY OFFERING IRRESISTIBLE TREATS AND SNACKS IN PACKAGING THAT DELIVERS – SETTING THE STANDARD FOR EVERY SERVING.

Present ice cream, soups, and snacks with packaging that matches the highest quality standards—perfect for ice cream shops, cafés, events, or takeaway concepts.

Our premium food cups are made from 100% PEFC certified paperboard and are available with traditional

or plant-based linings, making them suitable for both frozen and hot treats. High-quality in-house flexo printing with water-based inks means every brand looks vibrant and stands out.

Our extensive range of containers has been developed to deliver versatile packaging solutions for a variety of retail and over-the-counter needs. The range includes standard sizes and customizable options, easily partnered with a suitable lid.

- The smart packaging choice your customers will remember
- Add value to your range with customizable cups
- Finishing off with a suitable lid from our versatile range
- Make your brand stand out with every serving

Together we can make a difference.

RECYCLING OUR FLUTED & CARTON BOARD FOOD PACKAGING AND CUPS

The strengths of disposable tableware are their ease, cleanliness and hygiene. By using disposable containers in places where storage space is small and water supply is limited, the benefits of disposable products become clear; scarce water resources are saved and the environment is not unnecessarily burdened with detergents. Safety is also an advantage, as there is no risk of fragmentation.

There are clear, approved recycling guidelines for all materials used in our products, which you can see in the table on the next page. In addition each material has its own logo on the packaging, so recycling is easy.

To aid recycling:

- Remove food waste
 - If the pack has a window, remove, separate and dispose of in general residual waste
 - Flatten the pack and dispose of in recycling waste
- For more information please seek for local guidelines.

NEW STUDY ON ENVIRONMENTAL IMPACTS OF PACKAGING

Huhtamaki welcome the new scientific insights into the environmental impacts of single-use packaging vs multiple use highlighted in this new LCA, conducted by Ramboll.
